Tot's Wardrobe

WHAT the well-dressed young lady of 1 to 5 years will wear this spring is right here—a gaily printed ensemble consisting of playsuit, overalls and dress. Everyone's going to be the happier for these clothes—the youngster because they are so pretty and sensible and her mother because they are practically no bother at all.

Pattern No. 8363 is in sizes 1, 2, 3, 4 and 5 years. Size 2 dress takes 1½ yards 35-inch material, overall 1½ yards, playsuit ½ yard; 8½ yards binding.

Youthful Basque

SHE who wears this lovely frock will not go unnoticed, for it has a way of enlivening forth the compliments. Styled in basque lines, it is ever so youthful and becoming. The use of a point for trimming is most decorative.

Pattern No. 8359 is in sizes 11, 13, 15, 17 and 19. Size 13 takes 3½ yards 35-inch material; ¾ yard print required for trimming.  
Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

## ON THE HOME FRONT With RUTH WYETH SPEARS

IT ALL started with a bright idea for making a simple, painted coffee table from odds and ends. The sketch at the lower left gives the dimensions and shows the simple construction. Two end sections were made first; the top and sides of these being fastened together with metal angles, as illustrated. A shelf was then nailed in and a ½ by 2-inch board nailed across the back of it. Two boards for the top of the table were then screwed to the end sections.

As for the table was substantial top made and that is where the table was to be painted. The table was to be painted a light color and then a design of light blue and red was painted on the top and sides. The table was then painted a light color and then a design of light blue and red was painted on the top and sides. The table was then painted a light color and then a design of light blue and red was painted on the top and sides.

Nut This Time  
A woman, visiting the movies, could find only two aisle seats, one behind the other. Wishing to sit with her sister, she cautiously surveyed the boy in the next seat. Finally she leaned over and whispered: "I beg your pardon, but are you alone?"  
Without even turning his head, but twisting his mouth and shielding it with his hand, the youth muttered: "Cut it out, my aunt's with me."

Going Along  
A well-known author met an old Negro called Uncle Joe, who was always cheerful in spite of having had more than his share of life's troubles.  
"How have you managed to retain your calmness and cheerfulness in spite of all that?" asked the author.  
"Well, seh, Ah've learned to co-operate wid de inevitable."

## Sol Workman

With the passing of Sol Workman, Pocahontas county has suffered the loss of one of its friendliest and best citizens.

"Sol," as he was favorably called by young and old alike, was one of those kindly men who was never too preoccupied to have a pleasant word for children, and never too reserved to step for a friendly chat with anyone who approached him.

With a strict integrity concerning what constituted his duty as town policeman, he was fearless in the application of measures he deemed necessary to preserve law and order, and to protect the weak.

When this editor and his wife came to Marlinton almost two years ago, Sol Workman was one of the first persons with whom we talked, and he was profuse in his recommendation of the town and county, and all of this section's people. On the many nights when we have worked late, and the streets have been otherwise deserted, we have enjoyed stepping for a little talk with Sol and his immediate superior, Guy Faulkner, before making our way home for the night. We shall greatly miss him.

Upon many occasions he was responsible for our meeting up with interesting persons, whom he would bring to our office for an introduction.

He had intense interest in the welfare of youth, and would make the rounds of business places to secure funds for a Halloween celebration or in behalf of the Young People's Club. These young people appreciated him as attested by the beautiful floral tributes which they placed with the others that adorned the casket and casket where his body was lying in state.

We entered in the family our sincere sympathy, and feel sure that in the minds of those nearest they will find comfort in knowing that their husband, father, and brother was a man who while he lived, made friends who will remain with them at his death.

PARTY LINE BRINGS  
RELIEF

JASPER, MO. — The party line, off-styled rural newspaper, proved a boon to Mrs. Charles Thomas, shown above, a farm woman near here, when her husband suffered a serious accident which left her facing the huge task of doing all their farm work, including a big dairy herd to milk. A one-unit surge milk was in the barn but Mrs. Thomas didn't know how to use it. She remembered a neighbor down the road who had a milk of the same type, so using her party-line telephone she called for help. Within 30 minutes, to her amazement, a half dozen neighbors with eleven milkers arrived to handle this phase of her work, proving again the "Good Neighbor" policy works at home as well as abroad and that the party-line is really more than just a telephone service.

ing list, and still leave room for about 68 others!

## Is This "Reduction"?

A recent release from the University complains that funds for the Agricultural Experiment Station were "substantially" reduced by the Legislature just at a time when the farmer needs help more than ever before.

In 1941-42, the state spent \$200,528 for the experiment station and extension service. It has \$203,458 available this year, which closes June 30. And the Legislature of 1943 appropriated \$245,150 for the same work next year and the year after. If that spells "reduction," the University ought to start teaching spelling!

## Neely To Try Law Validity

Governor Neely evidently intends to bring into the limelight again the struggle between his own will, and that of the people as reflected by the votes of their representatives in the Legislature.

The 1943 Legislature passed a law over the Governor's veto prohibiting him from appointing to any office requiring Senate confirmation any person whose appointment to some other position had been rejected by the Senate.

The Senate rejected W. W. Doyce, Democrat, of Martinsburg, as a member of the whiskey commission.

Now Neely has appointed him as a member of the board of control. Only the supreme court can now decide whether the legislative act has any meaning.

## Need For Correction Here

Delegate H. L. Potts (R., Taylor) charges that the Industrial School for Boys at Pruntytown, whose superintendent, Robert H. Mollohan, was appointed (according to Governor Neely) at the behest of CIO leaders, has about "200 acres of the finest land in Taylor county and it is not producing enough food and meat to feed the boys properly."

He added that "crops are planted but poorly tended, if at all. Last fall several acres of corn were left standing in the field to feed the crows; about 30 acres of navy beans were not harvested."

## Private vs. Public Effort

Private employers have been patriotic enough to set up war bond-buying payroll-deduction systems at their own expense, many of them even employing extra clerks to handle the business; but the state can't be bothered with such patriotic work.

Although the Legislature authorized the State Auditor to set up such a system for state employees, Auditor Sims says he can't and won't install one because the lawmakers didn't give him extra money for extra clerks.

Scrap Collection Meeting

ACID locked in your engine

You can't "pull the cork" to clear out every cylinder after pocketing that key. A chemical mixture always lingers inside. The corner druggist would tell you that the cylinders hold the acid products of combustion . . . the makings of corrosion.

You didn't have all that worry heretofore, when the worst acid was chased out again and again, by repeated driving—and by continued speed that thoroughly heated the engine. Now however, when you're counting every coupon, how long will it be till you next use your car and drive it far enough to make the engine stay real warm? Meanwhile, with acid in your one and only engine, as it stands for long stretches, you'd better take the precaution of hav-

ing it internally OIL-PLATED by changing to Conoco N<sup>th</sup> motor oil this Spring.

OIL-PLATING is really a close cousin of platings you see every day retarding corrosion. Conoco N<sup>th</sup> oil—at a popular price—includes the costly synthetic that makes OIL-PLATING come between acids and inner engine surfaces. Unlike mere liquid lubricant, ready to drain down to the crankcase promptly, OIL-PLATING tends to stay at its topmost point in your inactive engine, strongly opposing acid attack on inner parts that can't always be replaced these days. The simple key to OIL-PLATING is Conoco N<sup>th</sup> oil for your needed Spring change—at Your Milage Merchant's Conoco station today. Continental Oil Co.

## HOUSEHOLD MEMOS by Lynn Chambers

Greet the Day With a Well-Balanced Breakfast (See Recipes Below)

Good Morning!

What's your breakfast? A squirt of orange juice and a sip of coffee or fruit, cereal, eggs, toast and coffee? No need to tell you which one you can start a man-sized day's work on, is there? A breakfast should supply almost a third of the day's calories and food value. A slight breakfast will prevent you from waking up fully—and thus starting to realize your full quota of production whether you're on the home or factory front. But, treat the first meal of the day with the same respect you do the other two, and you find yourself refreshed and more than ready to do your job—and do it well.

If you're still in doubt about the value of a good breakfast, look at breakfasts fed servicemen. Do you think they could get up and do their work if it weren't for fruit, cereals, eggs, toast or hotbread and beverage for their first fare of the day? No, ma'am.

Breakfast affords a grand chance for you to get your vitamin B1—that important morale vitamin which prevents nervousness and restlessness. You need this vitamin every day—and its best sources are whole grain cereal and bread—and yeast.

On warmer days, serve oatmeal or whole wheat cereal, on cooler days, use the enriched, ready-to-eat cereals which are unrational. When the berries and fruits start coming in, use a few of them with the cereals for a delightful breakfast dish.

Breakfast is a good way to take care of the citrus fruit requirement of the day, too. A half grapefruit, a large orange or a large glass of orange juice will fulfill the vitamin C quota of the day. Remember, however, that vitamin C is easily destroyed by air, and that means you should not squeeze or cut up oranges until just before serving.

**\*Old-Fashioned Popovers.**  
3 eggs  
1 1/2 cups milk  
1 1/2 cups enriched flour  
1/2 teaspoon salt

Sift flour and salt into a bowl. Beat eggs and add milk to them and stir gradually into the flour to make a smooth batter, then beat thoroughly with egg beater; put in hot greased muffin tin two-thirds full of mixture. Bake in a hot oven (450 degree) half hour, then in moderate (350 degree) oven 15 minutes until brown. Note: No leavening agent is used in popovers, and their rising action is dependent upon thorough beating.

If possible, have eggs for breakfast—with bacon, if you can manage it, but remember that a nice hot bowlful of oatmeal will give a goodly quantity of health. Then, of course, you can vary the menu with pancakes, french toast and waffles when the mood strikes you.

Baked pears or apples are a good fruit for breakfast variation. Try apples this way:

**\*Baked Apple With Orange Marmalade Filling.**

Select apples that are suitable for baking. Core, and fill cavities with orange marmalade. Prick skins with fork and place in a baking pan with a little water. Cover with lid and bake in a slow oven until tender. Remove lid just long enough to brown.

**Creamed Chipped Beef Omelet.** (Serves 3)

- 1 cup chipped beef, cut fine
- 1 1/2 cups white sauce
- 6 eggs
- 6 tablespoons top milk
- 1/2 teaspoon salt
- 1/2 teaspoon pepper

Fold chipped beef into white sauce. Beat eggs until fluffy, then add milk, salt and pepper. Melt enough butter or margarine into a heavy skillet to cover bottom and sides of pan, pour in eggs and shake gently over fire. When set, loosen sides and bottom, cover with heated creamed beef, carefully fold over with spatula, and slide onto hot platter. Serve at once.

For variety, there are many types of griddle cakes:

- Sour Milk Griddle Cakes.**  
1 1/2 cups flour  
1 cup buttermilk  
1 tablespoon melted butter or margarine  
1/2 teaspoon salt  
1 teaspoon baking soda  
1 tablespoon sugar  
2 eggs

Sift flour and sugar; dissolve soda in buttermilk and add to flour. Drop in unbeaten eggs and beat well, then fold in butter. Drop by spoonfuls on a hot, greased griddle and brown on both sides.

**Flannel Cakes.**

- 2 eggs  
1 1/2 cups milk  
2 cups enriched flour  
1/2 teaspoon salt  
2 teaspoons sugar  
1 tablespoon melted butter or margarine  
1 teaspoon baking powder

Sift all dry ingredients. Beat eggs yolk and add to milk. Pour then into the flour, add melted butter, and lightly the well-beaten eggs. Drop by spoonfuls on hot, greased griddle and serve with syrup, molasses or jelly.

**Crisp Waffles.**

- 1 Makes 4 waffles with iron
- 1 egg, slightly beaten
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- 1/2 cup milk
- 1/2 cup melted butter
- 1 cup flour

# The 2nd War Loan IS NOW ON!

## 13 billion dollars must be raised!

**T**HE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we *must* do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough *now* to win this war!

### We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year still won't be enough!

### We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

### And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battle-fronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion extra dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever for-

get this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake—for your *own* sake—invest all you can!

### There Are 7 Different Types of U. S. Government Securities— Choose The Ones Best Suited For You:

**United States War Savings Bonds—Series E:** The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

**2½% Treasury Bonds of 1964-1969:** Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

**Other Securities:** Series "C" Tax Notes; 7½% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

It is reported here that C. Eugene McClinton, who is serving with the 8888 Central Postal Directory, is being relieved in service in Africa. His wife, who is employed in Washington, D. C., recently visited her father, Fred Clinton, who has been ill.

Norman Walter Jett visited his wife and baby here last week-end.

H. L. Kinard, Miss Glenna Barnes, Miss Jewell Kinard and Mrs. Marie Kinard were in Elkins last Saturday, when Mrs. Kinard took an examination for a government position.

Mrs. Pearl Miller of Hillsboro is in Johns Hopkins hospital at Baltimore for treatment.

A correction must be made—and this time it is not the fault of the press. A note from Mrs. Gerry Kiser Lawton of Frank states that the young couple were so excited upon the birth of their baby recently that they did not know the true color of baby's hair—and that it is red, and not brown, as we reluctantly reported.

Mrs. Paul Kiser and James Kiser of Elkins were visiting Mrs. "Sid" Neece at Minnehaha Springs hotel Sunday.

Miss Glenna Clarkson, local nurse, visited in Columbus, O., over the week-end.

We happened to see Mrs. Harry Cochran purchasing a nice going-away gift for Mrs. Lee Ruckman, who moved to Clarksburg this week.

The goal of the Second War Loan drive is 13 billion dollars. It is just about one-fifth of the estimated increase of the Public Debt for the fiscal year of 1943.

A letter from Tony Colson to his mother here, states that he is now Technical Sergeant, and that he was not a little disappointed that brother Frank joined the Navy instead of the Army. But we are of the opinion that two nice boys like the Colson brothers should not be in the same job of the service.

"How well you look!" was the most common greeting which met Bobby Smith, who's been browned by the Florida sun, where he is in service. Bobby and his mother, Mrs. Wilbur Smith, were visiting in Charleston last week.

## HOUSEHOLD MEMOS... by Lynn Chambers

Homemakers May Learn Ration Wisdom Through Study.

This easily prepared gelatin dessert uses all unrationed food. It's pretty but easy to make, and will top off either a light or heavy meal.

These are times when changes are the fashion—and that particularly applies to changes in foods and cooking methods. Mrs. America can no longer depend on the grocer's and get enough canned or processed foods to put together a quick meal. Nor can she get together a meal, even one that would take time, with those rationed foods.

Points must be budgeted far more carefully than dollars and cents in the past! That is the realization every homemaker has been feeling since Ration Book II went into effect. Out of that has arisen one maxim: never to buy a canned or processed food if a fresh one is available.

Confusion, indecision, and slowness in buying were the adjectives grocers used when buying with War Ration Book II began. But this is gradually wearing away as Mrs. America learns new shopping methods.

Since point values change monthly, it's a good idea to keep a list of point values on hand when making the menu. Plan menus for a week at a time—marketing lists and budget lists all on hand when you're doing this important bit of work. Don't go to the store and wander aimlessly, selecting whatever appeals to the eye. Even if you have four or five ration books from which to spend, it's certain you won't get enough out of them by the hit or miss method.

Keep on the lookout for point values which may change—they vary from month to month and sometimes change during the month as the public's buying habits are watched.

Haphazard shopping, meal-planning, and carelessness about the health of the family are out of date. The homemaker must be alert and vigilant now as never before to make of her family the strongest and healthiest possible unit—for a healthy America is a strong America.

Lamb is fairly easily obtainable meat and second to pork, richest source of vitamin—our morale vitamin. Very little, if any, lamb is being sent to the armed forces and Allies, and that means it is for civilian use.

**Baked Lamb Loaf.**  
(Serves 8 to 10)  
1½ pounds ground lamb  
1½ cups bread crumbs  
1 cup milk  
2 tablespoons minced green pepper  
2 tablespoons chopped parsley  
3 tablespoons grated onion

Lynn Says:

**Fresh Vegetables:** To those of you accustomed to using canned vegetables and learning how many they serve, these hints are given on how many fresh vegetables will serve:

**Asparagus:** One pound yields two cups, cut, serve three to four.  
**Beans, green or yellow:** yields three to three and one-half cups, serves four or five.

**Beets:** One pound yields three to four servings. Use young beet greens as vegetable, too!  
**Brussels:** One pound serves four to five.

**Cauliflower:** One pound, shredded, yields three and one-half cups. One pound cooked serves three.  
**Peas:** Four medium sized pods make a pound, serves four to five.

**Peas:** One pound gives two servings.  
**Spinach:** One pound serves three to four.  
**Tomatoes:** One pound yields three to four servings.

Lynn Chambers' Point-Saving Menus

\*Deviled Egg, Macaroni and Pea Salad  
Hot Biscuits with Jam  
Marmalade Bavarian  
\*Recipe Given

1 cup cooked peas  
2 teaspoons salt  
1½ teaspoons pepper  
Soak crumbs and mix well with meat and other ingredients. Pack into a loaf pan. Bake in 350 degree oven for 1½ hours. This may also be baked to a crisp, moist and served with mashed potatoes.

Fish and eggs are more popular than meat in many dishes when ration points will not cover that major item.

**Fish Loaf.**  
(Serves 6)  
2 cups cooked, flaked fish (leftover may be used)  
2 tablespoons chopped green pepper  
1 tablespoon minced onion  
2 tablespoons butter or margarine  
1 cup fine, soft bread crumbs  
¼ teaspoon salt  
¼ teaspoon pepper  
2 eggs, separated  
¼ cup milk  
2 teaspoons lemon juice

Shred the fish. Saute green pepper and onion in butter, add to fish with bread crumbs and seasonings. Beat egg yolks, add milk and then add to fish mixture. Stir in lemon juice. Fold in stiffly beaten egg whites. Poured into a greased loaf pan, set in a pan of hot water. Bake for 1 hour in a 350 degree oven. Serve with white sauce in which hard-cooked eggs have been added.

As the days become warmer we will gradually begin adding salads for our main dishes, to help save on pointage. Here is a splendid suggestion, using all unrationed foods:

\*Deviled Egg, Macaroni and Pea Salad.  
(Serves 8)

10 to 12 deviled eggs  
1 package (12 to 16-ounce) macaroni  
2½ cups cooked, fresh peas  
French dressing  
Radish roses  
Salad greens—optional  
Deviled eggs  
10 to 12 hard-cooked eggs  
2 tablespoons salad dressing  
2 tablespoons lemon juice or vinegar  
1½ teaspoons mustard  
1½ teaspoons Worcestershire sauce  
¼ teaspoon salt  
¼ teaspoon celery salt  
¼ teaspoon pepper

Cut a half-inch slice from rounded end of egg. Cut a saw tooth edge around white, if desired. Remove yolk carefully. Press yolks and bits of leftover whites through sieve, add remaining ingredients and beat until light and fluffy. Refill shells, using pastry tube for decorating top, if desired.

Boil macaroni in salted water according to directions on package. Drain, rinse, then drain thoroughly. Marinate with a little french dressing, then chill.

Cook peas, drain, and save stock for soup. Marinate peas in french dressing.

To make salad, heap macaroni in center of dish. Alternate deviled eggs and radish roses around edge, pressing them into macaroni. Fill with a border of peas between eggs and macaroni.

A main dish salad that's a meal in itself includes macaroni, deviled eggs, and a ring of freshly cooked peas. This supplies a good quantity of protein to build and repair body tissues and gives food with that kick-to-the-ribs quality.

**Marmalade Bavarian.**  
(Serves 6)

1 package orange-flavored gelatin  
1½ cups hot water  
¼ teaspoon salt  
¼ cup heavy cream  
¼ cup orange marmalade  
Dissolve gelatin in hot water. Add salt. Chill until cold and syrupy. Fold in cream, whipped only until thick and shiny, but not stiff. Fold in marmalade.

## Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of waste materials. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbances.

The recognized and proper treatment is directed medicine to help the kidneys get rid of waste so normal body waste, like Doan's Pills. They have had more than forty years of public approval. Are endorsed by the leading medical institutions. A solid at all drug stores.

## Cryptic Response

The landlord of offices tenanted by a firm of Scots lawyers whose lease was about to expire wrote to ask whether they were going to continue in occupation. Their reply was:

"Dear Sir, We are, Yours truly,"

Not representing this effort in summary of words—and paper—he began again to demand whether or not it was their intention to remain.

"The answer, sir,"

"Yes, Sir, We remain, Yours truly,"

The landlord is not trying again.

## GOING UP

"When water becomes ice," asked the professor, "what in the present changes that taken place?"

"The price, sir."

## And He Did

At an eastern camp a chaplain saw a new soldier, in civilian clothes, about to leave camp. He had been discharged, he said, and was going home. Then he unfolded the story.

After 12 days in the army, the soldier had learned he didn't like it. He had been told that the army was a good place to be, but he found it was a bad place to be.

The chaplain, who had been told that the army was a good place to be, found it was a bad place to be. He had been told that the army was a good place to be, but he found it was a bad place to be.

# THE 2ND WAR LOAN DRIVE IS ON!

# Winner Take All!

There is one stark and simple fact about war which you had better get straight . . . and quickly, too  
**THERE IS NO SECOND PLACE IN A WAR — IT'S EITHER WIN OR LOSE!**

This war is being fought for tremendous stakes . . .

... for your life and your liberty.

... for your church and your children.

... for your freedom and your future.

And it's **WINNER TAKE ALL**. Don't forget that for a minute.

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate . . . because the winner takes all.

The winner takes all. All you own, all you hold dear.

The winner is being decided right now . . . today . . . this very minute . . . on battlefields all over the world. Will you stand idly by . . . or throw all your weight on *our* side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars . . . 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it?

Your sons and brothers and husbands are *dying* out there . . . fighting your fight. Surely it is no sacrifice to *lend* your dollars while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you . . . greet him with open pocketbook. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember it's an *investment* you're making—an investment that pays a good return and insures a happier future for you and your loved ones.

So *lend* up to the limit.

You'll sleep better for it.

There are 7 different types of U.S. War Savings Bonds.
